**DETAILED ACTION / REASONS FOR ALLOWANCE**

***Remarks***

1. Receipt is acknowledged of an Amendment on 2/17/2004, which has been placed in the file of record, and to which this Action is a reply.

***Reasons for Allowance***

2. Claims 1-19 and 21-74 are allowed.

The following is an examiner's statement of reasons for allowance: Certain claims (the majority) were already indicated allowable in a previous Action mailed 10/14/2004. These reasons remain and will not be repeated here.

Discussion will therefore focus in particular on claim 19. As amended, claim 19 recites discrimination between at three separate read result conditions and projecting information pertaining to these at least three read result conditions directly at the optical code, as the applicant notes in the 2/17/2004 response.

As discussed previously, Matsumoto (JP8202806), of record, teaches discriminating between success and failure, but does not discuss discrimination and indication directly at the bar code of three or more different read results. Also Matsumoto's simple means of indicating success and failure (i.e. red and green for failure and success) does not lend itself very well to more detailed result indication.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue

Art Unit: 2876

fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
